Committee to Elect Doris Brevoort

for City Council 2009

114 So. 5th St. Mount Vernon, WA 98274

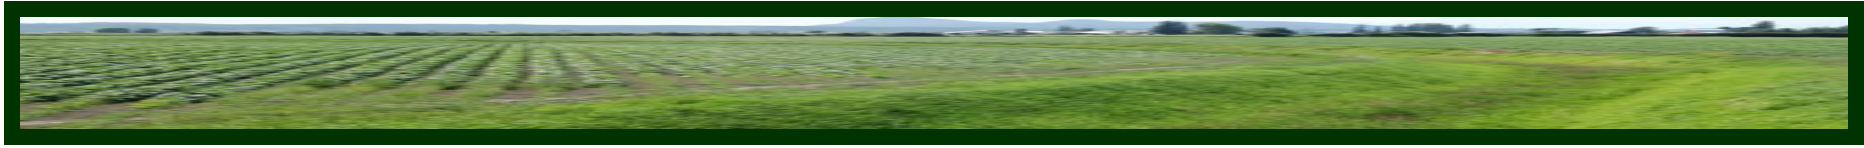

DORIS BREVOORT

City Council - At Large

*Innovative leadership for
Mount Vernon City Council*

**Paid for By the Committee to Elect
Doris Brevoort for City Council 2009
114 So. 5th St. Mount Vernon, WA 98274
(360) 336-2972**

Safety First! Doris supports Mount Vernon's critical safety services

The City Council must provide **leadership** in supporting responsible generation of

Doris with a supporter discussing issues relevant to Mount Vernon's residents. Doris will make sure that all of Mount Vernon's residents are respectfully heard

revenue and **prudent** use of city funds. **City funds should be used to ensure critical services** such as fire department staffing, ambulance services, and flood and disaster preparedness. Ensuring critical services will save money by

Protecting the lives and property of Mount Vernon's residents.

Providing bike lanes across the city will improve safety for our children as well as protect our environment

Communication is key to addressing the concerns of citizens

Communication is the first step to public safety. Doris will work on **effective crime prevention, gang intervention, and disaster preparedness** at the local level. Doris will work with city residents and emerging leaders to initiate regularly scheduled neighborhood meetings.

Doris supports improving recreational opportunities for residents of all ages. Recreational opportunities including biking and walking trails and sports contribute to improving the health of youth and adults, and inspire community involvement.

Doris supports the Main Street approach to revitalization of Downtown.

Resident participation is crucial to the success of Downtown, therefore Doris will act to fully publicize City and community meetings to allow for input and comments from the public.

Smart Design will improve quality of life

Well-designed, energy efficient buildings in current urban areas will provide **a better quality of life for residents.** With awareness of the many Senior Citizens who live in our community, Doris will advocate for **accessible, universal design in new housing** as well as supporting Skagit Transit in **providing transportation alternatives for everyone.**

Preservation of Mount Vernon's heritage and protection of farmland is important to the quality of life for everyone.

Increasing density using smart design promotes growth and liveable communities

While preserving our treasured farmland for future generations.
